Summer 2018: We Are All Wonders

This upcoming summer, our #6WeeksOfHappiness will run from **Wednesday, June 27th – Friday, August 3rd, 2018!** We can't wait to welcome 82 Norwalk students to Horizons at NCC's 6th summer program as we add a brand new class of pre-kindergarteners and shepherd our eldest class into middle school. Using the book R.J. Palacio's book Wonder as a springboard, we are continuing our commitment to social-emotional learning with a theme of "We Are All Horizons Wonders" In support of this theme, students will explore the concepts of kindness, empathy, courage, friendship and human differences through project-based, real-world learning experiences.

Teacher Spotlight: Laurie English

Laurie has been with Horizons at NCC since its founding, and she has been an integral part of the team ever since. She is our reading specialist, responsible for leading small-group reading instruction. When asked about Horizons at NCC, Laurie said, "most people say Disney World is the greatest place on Earth, but I think it's Horizons. There is just such a deep sense of community and family here, and there's no such thing as 'I can't.'" Laurie currently teaches kindergarten at Fox Run Elementary School, and is training to teach children with dyslexia.

New Website!

We have been working hard this year to get our brand new website up and running, and we are excited to be able to share it with you. Check out horizonsncc.org to find program and application information, important dates, and some great photo and video highlights of our fantastic summers.

Our Purpose

Horizons was founded over 50 years ago at New Canaan Country School with the hope of providing equal opportunities to children from low-income families. Now it is a national organization with over 55 affiliates and 5,000 students across the country.

The primary focus of the summer program is to prevent summer decline from the past year's academic achievement and create lifelong learners through a warm and welcoming community.
